Students put up an energetic dance performance

Hill Spring International School held its annual performance 'Expressions' on September 27. The show is a medium through which students from Grades 6 to 12 express their talent beyond academics and a culmination of different art forms such as dance, music and theatre. The show commenced with the lighting of the lamp by Dr Jaydeep Mirashi (Chairman), Dr Pratibha Mirashi (Managing Director), Nalini Pinto (Principal) chief guests Marzi Pestonji and Mihika Miranda.

The three houses (Aqua, Flora, Terra) based their productions around the theme 'Mindfulness' and brought out the true essence of the topic in creative, sensitive and extravagant ways. The winning house — Aqua — took a humorous approach on this theme through their play *Ratted Out*. *Web of Lies* and *Are You Out of Your Mind* were the two other musicals that won hearts and applause. To mark the completion of 15 years of the school, they introduced the new school anthem, which is written and composed by Vishal Dadlani and sung and recorded by the students themselves. "The theme of mindfulness was beautifully portrayed by students in many different ways," said Principal Pinto. "Every time we think this is the best show put up by students, they come back next year with more enthusiasm and zeal. It's a true depiction of expression in motion," added Dr Pratibha.
