HSI – Prerequisites for Online Admission form submission

We request you to carefully go through the following **prerequisites** before proceeding with the submission of the online application form:

1. **Recommended Browsers**
   Use the latest version of any of the following web browsers for best performance:
   - Google Chrome
   - Mozilla Firefox
   - Microsoft Edge
   - Brave

2. **Clear Browser History**
   Please clear your web browser history before beginning the process. You may refer to this step-by-step guide on how to clear browsing history in popular web browsers:
   🔗 **Clear Browsing History – Step-by-step Guide**

3. **Photograph Requirements**
   Uploading photographs of the student, father, and mother is **mandatory**. Applications will be rejected if the uploaded photos do not meet the following standards:
   - Clear, front-facing image with visible face
   - White background
   - Passport-size

4. **File Format & Size Requirements**
   Ensure all photographs and documents are ready and conform to the specified format and size:
   - **Images**: Less than 1 MB each
   - **Documents**: Less than 2 MB each

     You may use the following online tools to convert or compress your files without installing any software:
     - Convert JPG to PNG
     - Compress Images
     - Compress PDF Files

5. **Form Review & Data Readiness**
   Before you start filling out the form, review all sections and fields. Please ensure that you have all necessary details ready, especially for the mandatory fields marked with an asterisk (*).

For any queries or suggestions, feel free to contact us at **itsupport@hsieducation.org**
